**Von Derick Bingham : C.S Lewis: The Story Teller (Trailblazers) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised C.S Lewis: The Story Teller (Trailblazers) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. The

Child behind the Man Von Ian Thompson Watching the film 'Shadowlands', or seeing the play of the same name, gives you the impression that Lewis was remote and awkward around people. Reading this fine youth biography shows you that underneath he had an innate sense of wonder that was stifled by his upbringing and work. It found an outlet in his books for children and camaraderie with the 'Inkspots'. This is a revealing biography because it is written for young people. A suitable vehicle for finding out about the author of the Narnia Chronicles! I found it much less precious than other books on Lewis - probably because this was written by a fellow native Northern Irishman, rather than a fan. It also wrecks several pompous academic careers by including a letter from Lewis to a young girl, explaining what each of the Narnia books is about. Moving, heartwarming and fun.

Kurzbeschreibung Adventures into another world, stories of mystery and wonder, these are what fascinated and excited Clive. He was just a boy but would sit for hours writing stories where animals came to life and lived and spoke just like human beings. This little boy grew up to become the world famous writer C. S. Lewis. However throughout his life he preferred to be called Jack. The reasons for this peculiar change of name and other interesting facts and stories about C. S. Lewis are retold in this book. It was written in the centenary year of his birth - this is a reprint. This book takes you into the life of C. S. Lewis, the child, the scholar, the husband, the writer and the believer in God. Derick Bingham has researched this book thoroughly and has lovingly retold the story of this great storyteller. I was challenged to write this book by my friend the distinguished sculptor Ross Wilson. At that time he was preparing his CS Lewis Centenary Sculpture to be erected in the great man's native city, Belfast in Northern Ireland. As I live in Belfast it was a privilege to be writing about our city's most famous writer, his upbringing, his adventures and how he came to know the Lord Jesus. As I researched his life I was amazed to discover how much sorrow CS Lewis experienced and I was deeply inspired by how he overcame his difficulties. My greatest joy following the writing of this book has been to see it published in Chinese. 'Derick Bingham ~ Was the teaching pastor at Christchurch, Belfast If you like this, you'll love this: Ten boys who used their talents by Irene Howat. This title includes a chapter on C. S. Lewis. Also why not look at the title: Talking about Dragons by William Chad Newsom. This is a review of the work of Tolkien and Lewis and how to use these to develop and encourage family devotional times. Catherine MacKenzie ~ Author and CF4K Editor Pressestimmen I was challenged to write this book by my friend the distinguished sculptor Ross Wilson.
