Great Thoughts on the Parables of ChristVon Ein KundeThis book has been a great help to me in getting more out of the parables of Jesus. The chapter on the parable of the Talents is worth far more than the price of the book.0 von 0 Kunden fanden die folgende Rezension hilfreich. A great exposition of the Parables of ChristVon Fitzroy HarewoodOne of Ellen White's great small books, she begins by establishing the reason for Jesus' use of parables and

relates that back to our time. The author then proceeds to examine many of the famous parables in the gospels. The approach focuses on expanding and explaining the story itself and then proceeds to explain the spiritual significance. The language is simple and the writing flows easily. Clearly the work of an inspired person.

Kurzbeschreibung "In the devotional classic, Ellen G. White plumbs the depths of the best-loved teachings of Jesus, offering a deeply spiritual understanding of the parables of Christ as they apply to the life today. Writing not as a dry historical scholar or technical commentator, but as a messenger pleading the case of the Lord she loves, the author provides practical applications in a way that touches the heart. Those who attempt to underline the choicest passages often give up after finding entire pages underlined. In the pages of this book generations of readers have heard the same voice that spoke the parables so long ago still speaking to their heart, saying "Come to Me".
