(Official Cert Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised
Cisco QOS Exam Certification Guide (IP Telephony Self-Study) (Official Cert Guide):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.
ausgezeichnetes Buch dieser Reihe zu einem wichtigen Thema!Von Robert B."CISCO QOS" ist definitiv eines der
besten Bcher aus der "CISCO Exam Certification Guide" Reihe die ich kenne. Im erfreulichen Gegensatz zu anderen
Bchern aus derselben Reihe, verteilen sich hier die fast 800 Seiten auf lediglich 10 Kapitel. Die Autoren nutzen dass,
um auf ausgedehnten 50-70 Seiten jedes Thema von unterschiedlichen Seiten zu beleuchten. Dieses Buch ist m.E.

ganz ausgezeichnet auch für diejenigen geeignet, die im Rahmen Ihrer CISCO Zertifizierung immer wieder mit dem Thema QoS konfrontiert werden und mal ein Buch, zu explizit diesem Thema suchen. Mit hat dieses Buch beim CCDA, und den Prüfungen BCMSN und BCRAN ohne Frage immens geholfen. Ein Muss für jeden CCIP oder CCVP Kandidaten, mehr als nützlich für den CCDA und CCNP. Ein wirklich gelungenes Buch zu einem wichtigen Thema. Autor Wendell Odom kennt man schon von seinen beiden allgemein akzeptierten Einführungswerken zum CCNA. [CISCO QOS 1587201240 english] 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein fantastisches Buch für Trainees die hoch hinaus wollen. Von Stephan Klaes Ich muss meinem Vorredner absolut Recht geben. Allerdings ist QoS ist nicht nur wichtig für VoIP oder Design. Ohne QoS geht es auch bei komplexen Routing Switching Environments nichts. Sei es Traffic-Policing and Shaping, Congestion avoidance oder Link efficiency. Dies alles ist in diesem Buch detailliert und übersichtlich erklärt. Der Trainee kann sich schnell in die verschiedenen Topics reinversetzen und kommt mit dem Stoff sehr gut klar. Durch die bei Cisco Certification Guides blieben Do you know it already Fragen, wird wie immer jedes Kapitel beschlossen; was mir als Cisco-Trainer schon ein bisschen gegen den Strich geht, denn es entsteht bei den Schlern der Eindruck: Wenn ich diese Fragen beantworten kann, dann bin ich auch soweit die Prüfung zu machen. Dem ist natürlich nicht so, dennoch ist an diesen Fragen zu sehen, worauf es Cisco ankommt. Ein Buch das ich meinen Trainees mit gutem Gewissen ans Herz legen kann.

Kurzbeschreibung Official self-study test preparation guide for the Cisco QOS 642-642 exam. The official study guide helps you master all the topics on the QOS exam, including QoS concepts, tools, and architectures Modular QoS CLI (MQC), QoS Policy Manager (QPM), and AutoQoS Classification and marking Congestion management Traffic shaping and policing Congestion avoidance through drop policies Compression tools and link fragmentation and interleaving (LFI) tools for link efficiency LAN QoS QoS best practices The CCVP certification validates a robust set of skills in implementing, operating, configuring, and troubleshooting a converged IP network. A solid understanding of quality-of-service (QoS) features and implementation is essential for CCVP certification and is also a core component of the CCIP certification. Cisco QOS Exam Certification Guide, Second Edition, is a best-of-breed Cisco exam study guide that focuses specifically on the objectives for the QOS 642-642 exam. Senior instructor and best-selling author Wendell Odom and senior AVVID consultant Michael Cavanaugh share preparation hints and test-taking tips, helping you identify areas of weakness and improve your QoS knowledge. Material is presented in a concise manner, focusing on increasing your understanding and retention of exam topics. Cisco QOS Exam Certification Guide, Second Edition, presents you with an organized test preparation routine through the use of proven series elements and techniques. Do I Know This Already? quizzes open each chapter and allow you to decide how much time you need to spend on each section. Exam topic lists and Foundation Summary tables, figures, and snapshot information make referencing easy and give you a quick refresher whenever you need it. Challenging chapter-ending review questions help you assess your knowledge and reinforce key concepts. Well-regarded for its level of detail, assessment features, and challenging review questions and exercises, this book helps you master the concepts and techniques that will enable you to succeed on the exam the first time. Cisco QOS Exam Certification Guide, Second Edition, is part of a recommended learning path from Cisco Systems that includes simulation and hands-on training from authorized Cisco Learning Partners and self-study products from Cisco Press. This volume is part of the Exam Certification Guide Series from Cisco Press. Books in this series provide officially developed exam preparation materials that offer assessment, review, and practice to help Cisco Career Certification candidates identify weaknesses, concentrate their study efforts, and enhance their confidence as exam day nears.
