Von HarperCollins Publishers : Collins Concise German-English Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Collins Concise German-English Dictionary:

For KindleVon CustomerI am currently learning German and this dictionary makes for a perfect tool. I have purchased it for my Kindle and associate all my German books to this dictionary. This allows me to read a German book, and by simply selected a word, I get the German to English translation (not to be confused with the English-German Collins Concise, which will translate from English to German). Note that it only goes one way (from German to English). I am very satisfied with it. Sure it doesn't recognize every word, but the vast majority. And it does recognize trennbare verben, which is a must. I have already recommended to many of my colleagues who are also learning German.0 von 0 Kunden fanden die folgende Rezension hilfreich. absolut o.k. bei bersetzungen, wenn man nicht das teurere Oxford

D. kaufen möchte Von Birgitta O.k. es ist nicht das Oxford Dictionary, aber es ist alles drin, was man benötigt, wenn man ein Lexikon braucht. Gut finde ich, dass auch der Collins nicht nur einfache Übersetzungen anbietet, sondern viele Beispielätze enthält und die verschiedenen Varianten eines Wortes, sowie die Alternativen mit anderen Wörtern. Auch Redewendungen und Alltagssprache werden erwähnt. Dadurch werden die Übersetzungen anschaulicher und einfacher. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Basic Von Nina Edmondson I used this dictionary to read young adult books 'Die Tribute von Panem' and 'Die Auserwählten' trilogies. Quite often words were not included in the dictionary my kindle directed me to the German-German Duden dictionary instead. Now that I'm reading something a little more demanding (A Game of Thrones) I definitely need to invest in a better dictionary. You get what you pay for.
