When I started reading Welch's stories, I was very impressed on the talent he possessed to thread his stories together, and that alone should get you to read the book. I had at first skipped Nelson's part, just to get to the "good part", but when I began to read Nelson's passage, I was blown away by his skill. I mean, WOW! I was taken into his world and could feel his

passages around me. Nelson is a true master.0 von 0 Kunden fanden die folgende Rezension hilfreich. BEST BOOK I'VE EVER READ!Von Ein KundeYou should really read this book!
