**Von Augustine : Confessions (Classics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Confessions (Classics):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich.

Boring...Von Ein KundeI suppose this work might be inspiring and even entertaining to some people. However, this is a very select portion of the population. *\_Confessions\_* is, pure and simple, Augustine's justification of his religious beliefs. The text tends to be incredibly repetitious, and belabors inconsequential points. For instance, Augustine takes

great pains (many times) to explain that incorruptable is better than corruptable. Whoopee. I will concede that Confessions is more entertaining than City Of God, but that's small praise indeed. Most likely, you'll end up reading one or both of these works for some college course. Just remember as you're reading through the same idea for the umpteenth time that it doesn't get any worse than this.0 von 2 Kunden fanden die folgende Rezension hilfreich. The purity and intensity of Augustine's love for God jumps off each page. Augustine combined a sharp mind and an inflamed spirit to produce this monument of devotion. Buy it and read it.

KurzbeschreibungThe son of a pagan father and a Christian mother, Saint Augustine spent his early years torn between conflicting faiths and world views. His Confessions, written when he was in his forties, recount how, slowly and painfully, he came to turn away from his youthful ideas and licentious lifestyle, to become instead a staunch advocate of Christianity and one of its most influential thinkers. A remarkably honest and revealing spiritual autobiography, the Confessions also address fundamental issues of Christian doctrine, and many of the prayers and meditations it includes are still an integral part of the practice of Christianity today.Pressestimmen"[Wills] renders Augustine's famous and influential text in direct language with all the spirited wordplay and poetic strength intact."-Los Angeles Times "[Wills's] translations . . . are meant to bring Augustine straight into our own minds; and they succeed. Well-known passages, over which my eyes have often gazed, spring to life again from Wills's pages."-Peter Brown, The New York of Books "Augustine flourishes in Wills's hand."-James Wood "A masterful synthesis of classical philosophy and scriptural erudition."-Chicago TribuneKurzbeschreibungThe son of a pagan father and a Christian mother, Saint Augustine spent his early years torn between conflicting faiths and world views.
