Von Cassidy Calloway : Confessions of a First Daughter before purchasing it in order to gage whether or not it would be worth my time, and all praised Confessions of a First Daughter:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read TooVon TeensReadTooMorgan, aka the Tornado, has a unique talent for messing up and getting into trouble. Normal teens might get away with some of her mishaps, but not the President's daughter. Since she's in the limelight, some of her escapades actually become news.She's just lost her school's presidential race. She's trying to juggle her boyfriend, schoolwork, and a best friend all while under intense security scrutiny. When her security detail

switches, she finds herself developing feelings for her Secret Service bodyguard. Morgan's also having a hard time communicating with her mother. Their talks are always interrupted with special meetings and phone calls. It seems like her mother has time for everyone in the world, except her only daughter. When her mother needs to address a vital situation, Morgan fills in as the President of the United States. While Morgan simply wants to live a normal life, is it possible to have average experiences given that she lives in the White House? Or will she adjust and learn to like the advantages that come with her mother's station? Cassidy Calloway writes an expose of a first daughter's life filled with hilarious moments, a little romance, and saving the world one meeting at a time. Morgan's adventures are not to be missed. Reviewed by: Jennifer Rummel

Kurzbeschreibung Morgan is so over being first daughter. Morgan Abbott has no social life and no privacy, and her one major talent is screwing things up. Unfortunately for Morgan, every mistake makes front page headlines because her mom is the president of the United States. To top it all off, she's been assigned a brainiac secret service agent who's barely older than she is and won't let her out of his sight (never mind that he's kind of cute). Torture! But when her mom has to slip away on secret business and needs a decoy to cover for her, Morgan is the only one who can help. With a bit of makeup, a little ingenuity, and a lot of family resemblance, Morgan soon has everyone calling her "Madam President." Can she pull it off? Or will she mess everything up . . . again? Pressestimmen Fun and breezy. (Kirkus s) Kurzbeschreibung Morgan is so over being first daughter. Morgan Abbott has no social life and no privacy, and her one major talent is screwing things up.
