Von Neale Donald Walsch : Conversations with God - Book 2: An uncommon dialogue (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Conversations with God - Book 2: An uncommon dialogue (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A book

everyone should read Von Belinda Weichert He sums up all the things I thought and believed about God. I was starting to doubt my beliefs because some things don't quite add up with the Bible and someone put it in my head that those are thoughts from the devil or I might be crazy. However, reading this book made me feel a lot better since I don't appear to be the only one with these thoughts and ideas. To those of you who argue that this book is not inspired by God but the devil: if this book inspires love and brings people closer to God, why would the devil have it written? In the end of the day it depends on what is in your hearts. If reading this book inspires you to be more compassionate, more loving and more generous why would you doubt where it comes from? 0 von 0 Kunden fanden die folgende Rezension hilfreich. Thank GOD for this book! Von Ein Kunde I loved book one so much I read it the first time in just two days (while recovering from surgery!). I could not have anticipated that the 2nd book could be equally profound, especially since I had heard some people say it was hard to understand. But something moved me to get it anyway and see for myself. Am I glad I did. It has verified my fears about what we are now creating, but at the same time it has given me so many new avenues to investigate in helping steer a new course. I have always wanted to be a part of the solution. Now I have a narrowed field of what the most auspicious first steps are, steps I can take in my own life and thereby help to create worldwide. To quote the book, "If the whole world followed you, would you be pleased with where you took it?" This book makes the creation of a life that answers "Yes" so much more accessible. 5 von 5 Kunden fanden die folgende Rezension hilfreich. Englisch besser als Deutsch und billiger! Von Ein Kunde Es wurde schon sehr viel über dieses Buch geschrieben und ich finde es auch super, denn es brachte mich wieder über das Thema Religion zum Nachdenken. Das Christentum als Religion der Kirche ist für mich in vielen Punkten über die Zeit ver(ge)flücht worden und dieses Buch hat sehr gute Anstöße, dies klar aufzuzeigen. Daher lesen (zu mehreren) und diskutieren! Sie werden neue Erkenntnisse erhalten und über das Leben neu nachdenken. Die englische Fassung ist prägnanter und klarer als die deutsche Version, aber nicht so einfach zu lesen (sehr gute englische Sprachkenntnisse werden benötigt).

Kurzbeschreibung When Neale Donald Walsch was experiencing a low point in his life, he decided to write a letter to God. What he did not expect was a response and the result was Conversations with God Book 1. In Book 2, the dialogue expands to deal with the more global topics of geopolitical and metaphysical life on the planet, and the challenges now facing the world. This incredible series contains answers that will change you, your life, and the way you view other beings..de In Conversations with God: Book II, Neale Walsch and God resume their discussion and move on to larger topics than the personal issues addressed in their previous dialogue in Volume 1. For an "unedited transcript" of a conversation, Book II is remarkably well organized and articulate, as if Walsch anticipated our "but what about" questions before we asked them. The peculiar pair discuss time, space, politics, and even kinky sex, but Conversations with God: Book II isn't here for just shock value. It is an honest look at some of the broad issues important to all of us on the planet, and a suggestion of how things might go if we are all willing to open our minds and have our own conversations with divinity. --Brian Patterson Pressestimmen I read this and it completely turned everything I believe about religion on its head. If you are at all religious, you should read this book.' (Francis Rossi of Status Quo, Metro)
