the author's train of thought make this book a must read for christians of all denominations. This opened my eyes to several situations in my own life and I generally like the tone and the easiness of Keller's writing.

Kurzbeschreibung
New York Times bestselling author of the forthcoming *God's Wisdom for Navigating Life* and nationally renowned minister Timothy Keller exposes the error of making good things "ultimate" in this book, and shows readers a new path toward a hope that lasts. Success, true love, and the life you've always wanted. Many of us placed our faith in these things, believing they held the key to happiness, but with a sneaking suspicion they might not deliver. No wonder we feel lost, alone, disenchanted, and resentful. There is only one God who can wholly satisfy our cravings and now is the perfect time to meet Him again, or for the first time. In *Counterfeit Gods*, Timothy Keller shows how a proper understanding of the Bible reveals the unvarnished truth about societal ideals and our own hearts. This powerful message cements Keller's reputation as a critical thinker and pastor, and comes at a crucial time for both the faithful and the skeptical. *Pressestimmen*
Praise for Timothy Keller and *Counterfeit Gods* "Keller's wisdom and biblical understanding, served up in clear, engaging writing, can help both Christians and non-Christians to identify the idols in our own hearts and replace empty promises with hope in Christ." *World magazine* "Offers much insight for shepherding local churches. Keller argues that Christians cannot understand themselves or their culture unless they discern the counterfeit gods." *Christianity Today* "Tim Keller knows how to tell a Bible story. Like *The Prodigal God* before it . . . *Counterfeit Gods* is built around them. And every time I read one of those stories, I feel like I am hearing it for the first time. . . . *Counterfeit Gods* is easily one of the best books I've read this year." *Tim Challies* "Smashes the arrogant conclusion that violation of the first commandment was merely an ancient problem. Combining biblical theology with experienced surgery on the soul over the years in modern Manhattan . . . Keller's heart diagnostics will leave us neither ignorant nor unmoved." *David B. Garner*, associate professor of Systematic Theology, Westminster Theological Seminary
