Von Ian O. Lesser, Bruce Hoffman, John Arquilla, David Ronfeldt, Michele Zanini : Countering the New Terrorism before purchasing it in order to gage whether or not it would be worth my time, and all praised Countering the New Terrorism:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 1 Kunden fanden die folgende Rezension hilfreich.
Excellent book Von B Benz This book is excellent. It covers many topics, mainly related to Air Force Security, and makes each of them readable and interesting. I learned alot about where terrorists are coming from and some of the

things the Air Force is doing to counter them.

Kurzbeschreibung Traces the recent evolution of international terrorism against civilian and U.S. military targets, looks ahead to where terrorism is going, and assesses how it might be contained. The authors consider the threat of information-based terrorism and of weapons of mass destruction, with an emphasis on how changes in the sources and nature of terrorism may affect the use of unconventional terror. The authors propose counterterrorism strategies that address the growing problem of homeland defense.

Synopsis Recent bombings of U.S. embassies in Africa remind us that U.S. citizens and U.S. interest are not immune to terrorism. Featuring the works of world-renowned experts, this book traces the recent evolution of international terrorism against civilian and U.S. military targets, looks ahead to where terrorism is going, and assesses how it might be contained.
