Von Maggie Smith : Counting Our Way to Maine before purchasing it in order to gage whether or not it would be worth my time, and all praised Counting Our Way to Maine:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gorgeous illustrations plus fun story equals a best bet! Von Ein KundeThis is one of most appealing of the recent crop of kids books, written and illustrated by the talented Maggie Smith. I discovered it at my local library; my 3-year-old daughter and I both like it so much that I've bought our own copy and one for a friend. Confidential to the State of Maine Tourist Bureau: This book is the single-best visitor-enticement tool you could find - far better than any pricey advertorial in The New Yorker!0 von 0 Kunden fanden die folgende Rezension hilfreich. Delightful! Von Ein KundeEvery time I read this book to my children (which is often), I feel an overwhelming urge to call a travel agent and book a vacation in Maine. With delightful pictures and remarkably few words, Maggie Smith does an incredible job of capturing the joys and adventures of a family trip. Far more appealing than most other "counting" books, this one will leave you with dreams of fireflies, and a yen for blueberry pie.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book, especially for anyone with a Maine connection Von Suzanne AmaraI bought this book for my

son as I am a Mainer in exile, and we often visit his grandparents there. I was not sure if he would like it, but I liked it! And lo and behold, he likes it too! The pictures are detailed and funny, the concept simple enough for him to understand, but interesting enough for him to keep reading. It also brought back a lot of happy memories of my Maine childhood.

KurzbeschreibungFirst published in 1995 by Orchard Books, this book takes one baby, two dogs, and three bicycles on a journey from the big city to Maine's seacoast. Objects packed for the trip and things seen along the way are all happily counted, finishing in a shining finale as the family tallies 20 fireflies found during their last evening in Maine.KurzbeschreibungFirst published in 1995 by Orchard Books, this book takes one baby, two dogs, and three bicycles on a journey from the big city to Maine's seacoast. Objects packed for the trip and things seen along the way are all happily counted, finishing in a shining finale as the family tallies 20 fireflies found during their last evening in Maine.ber den Autor und weitere MitwirkendeMaggie Smith has illustrated many popular, distinctive picture books. She lives in Providence, Rhode Island.
