purchasing it in order to gauge whether or not it would be worth my time, and all praised CreateSpace Kindle Self Publishing Masterclass - OPTIMIZE YOUR BOOK FOR AMAZON: How to Tune-Up your Kindle Books for Better Visibility and More Sales (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. HELPFULVon Al-Khemet Book ClubWhat Rick Smith is presenting to self-publishers and authors are vital information to dominate the self publishing world, knowledge you would not have obtained in university or wherever you studied.The world we are in, the age of self-publishing have become so competitive and saturated and seem impossible for any new author, or old to stand out, be seen and sell enough books to make a living. There are secrets in plain sights that can be applied to boost your sales and this book combs through them all. This was carefully thought-out and produced possibly through much trial and error as well as extensive acquired knowledge through detailed research and analytics. This was worth the read.Al-Khemet Book Club JUN 20150 von 0 Kunden fanden die folgende Rezension hilfreich. Highly recommendedVon Grace WedelThis is an excellent book with lots of very good information that is not hard to follow. It is written in a very clear and easy to understand style. You can tell the author has a lot of knowledge when it comes to knowing how work. I knew about keywords, but learned the hard way. This book explains everything in a way that you really see the many opportunities you can have to put your book on the front page of the recommended books on . This is certainly a book I will keep on referring to in the future and I will no doubt be updating my old books with the information I have from this book. Highly recommended.0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the best on the subjectVon DXLPMin just over three years now of self publishing I have learned that I can always learn something new. I have read quite a few books on this subject and I can honestly say that this one is one of the best I have read to date. It is updated for 2015 and gives clear and applicable tips on not just how to optimize your non fiction book, but so many other self publishing related topics as well. This is one that I will definitely be referencing from time to time for sure.

KurzbeschreibungSell more books on without spending a dime...That's a big claim, so why should you believe it?The Kindle Store is a powerful marketing machine, designed to sell millions of books. There are lots of levers you can pull to make it work better for your book, but most Independent Authors and Self-Publishers don't do anywhere enough Optimization to make a difference. Maybe it looks too technical and challenging; but it needn't be.You've put a lot of effort into writing your book, so adding just one more day to tune-up your publishing package is a small investment for a potentially huge reward. This book will show you the systematic way to quickly optimize the five critical factors that will determine whether your book is visible or invisible on . If they find you, they will buy you.New from Rick Smith, Best-Selling Author of "Createspace and Kindle Self-Publishing Masterclass"For the first time, the Top-5 Secret Weapons to Optimize your Book for are integrated into a clear system that everyone can follow. You choose which ones to use right now and work on introducing the others later, or work right through the book and implement all five steps, then watch your book rise in more search results.Its an 80/20 process, so if you know which 20% of your effort gets 80% of your results, you can put your energy in the right place and leave yourself plenty of time to get on with writing your next masterpiece. This book will short-cut months of trial and error, and take you straight to the things that really matter.How to Level the Field against the Big PublishersHow do the successful Authors and Publishers get their new books noticed?
