Professionelles CoachingVon Kornelius KrausDieses Buch vermittelt Coaching-Knowhow in einer Form und Flle, die ihres gleichen sucht. Es enthlt massig hochkartige Hinweise zum Team- und Einzelcoaching, welche in den herkmlichen Trainerausbildungen in Deutschland nicht beachtet und dementsprechend auch nicht vermittelt werden.

Wobei wir wissen dass 80% des Erfolges die Kommunikation ausmacht und lediglich 20% das Fachwissen! In diesem Buch sind die Erfahrungen von erfolgreichen Coaches wie Phil Jackson (Chicago Bulls, LA Lakers) eingeflossen und genau diese geben dem Buch die Würze, die uns Coaches helfen werden in der Zukunft gezielter zu coachen. Viel Spass beim Lesen und natürlich beim Coachen. Am Rande: Trainer: Fachmann für ein Gebiet Coach: Verantwortlich für das Funktionieren des Teams und des Betreuerstabs.

Kurzbeschreibung Times have changed in the coaching profession. In today's world of sport, players must deal with complex issues. Athletes are now more apt to fight for what they deserve than they were in the Vince Lombardi or John Wooden eras. That makes your role as the coach tougher than ever. Not only must you teach athletes the skills, strategies, and discipline to help them succeed; you also are expected to guide, encourage, respect, and inspire athletes.
