itVon Ronan O'DGood English-language crime novel. His use of language and conversational prose was excellent and his characters well rounded. I thought that the ending was great. You wonder how the story is going to turn out until the last sentence. I loved it, although I can see where some people would have found it too challenging.2 von 2 Kunden fanden die folgende Rezension hilfreich. lots to likeVon Gina LawsonTerrific, easy read in English language.. Leonard Lynch tells a good story. There are so many things to like about this novel, tangential conversations and interactions between characters, that the plot often takes a back seat, but the story is credible and entertaining.1 von 2 Kunden fanden die folgende Rezension hilfreich. Happy to recommendVon PhillipVery nice purchase for my new kindle . Happy to recommend this book to others who enjoy contemporary crime fiction.
