Von William W. Johnstone : Crisis in the Ashes before purchasing it in order to gage whether or not it would be worth my time, and all praised Crisis in the Ashes:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Crisis is one of the weaker onesVon gene malinI have been a avid reader of the Ashes series since the early 80's and always

look forward to a new release. This particular book though left me wanting. Ben Raines is getting awful soft in his old age. After the SUSA are bombed Ben does not retaliate in kind and after his men are betrayed by his old flame he lets her go? This is not the Raines I have come to expect. Mr. Johnstone has been hinting at a better Airforce for the Rebels and something of a Navy. Where is it?, in the combat passages there is no mention to the type of jets the Rebs are flying, this, like the last few books really glosses over the hardware and doesn't have the same type of detail the earlier books had. And I am still waiting for the forays into Asia and South America still to come. Mr. Johnstone, let the US alone for awhile so the Rebels can get back to kicking totalitarian behind. I for one, cannot believe the Democratic Socialists in the US have the kind of fight you keep giving them credit for, that they should keep coming back.0 von 0 Kunden fanden die folgende Rezension hilfreich. Newest Book in the AshesVon Lynna Kay ShuffieldAs an avid reader of the Ben Rains and the "Ashes" series, this is the last book I will buy! It is a retread of an earlier book where an epidemic/plague was caused by fleas and the destruction of civilization. This time, fleas and mad scientists cause it. The last few books written in the "Ashes" series have not been up to the standards of earlier books. The writing has lost its zing and they have the feeling of being formula stories. It is my impression that Mr. Johnston has lost his compelling desires to write!0 von 0 Kunden fanden die folgende Rezension hilfreich. Get it right!Von Ein KundeThis book had huge inaccuracies. Has Mr. Johnstone ever heard of research? I personally work with some of the weapons used in this book by Ben Raines and his followers, and their were huge discrepancies on how to operate the weapons and deployment in the field. Other glaring mistakes such as the battles looked to me like this book was thought up by a five year old. It is in my opinion that this is waste of money and paper.

KurzbeschreibungThe Blood Of FreedomBen Rines and his patriot army have defeated all comers, from mutant night people to the blackshirted forces of Jesus Mendoza Hoffman and the enemy axis in the Great War. But now the socialist dictators of the USA, smarting from their defeat at the hands of the Southern United States of America, have unleashed their fury against Raines. As Wave after wave of missiles is launched at the free state, the SUSA command retaliates in kindgiving better than it gets.With the North American continent suddenly turned into a landscape of horror and destruction, Raines's rebel warriors charge into the USA to topple its tyrants and return to a subjected people their long-lost hoil grail: the Constitution of the United States of America...KurzbeschreibungThe Blood Of FreedomBen Rines and his patriot army have defeated all comers, from mutant night people to the blackshirted forces of Jesus Mendoza Hoffman and the enemy axis in the Great War.
