KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr zu empfehlenVon shadowhDieses Buch handelt von 2 Personen, die einen Sinn im Leben suchen. Paul ist ein Mann, der

durch den Tod seiner Verlobten in eine Glaubenskrise gestürzt wird. Durch Gespräche mit seinem Pastor und einem Atheist findet er nach einigen Schwierigkeiten seinen Weg. Athena ist eine junge Frau, die nach einer schrecklichen Katastrophe für sich einen anderen Weg einschlägt, der den gültigen sozialen und familiären Vorstellungen widerspricht. Die Gespräche über Gott, Glauben und die Bibel sind tiefgreifend und regen zum Nachdenken an. Oft habe ich im Lesen eingehalten, um die Argumente nachzuvollziehen, oder auch mal in der Bibel nachzuschlagen. Die Charaktere sind gut gezeichnet und sehr glaubwürdig. Dieses Buch ist für jeden zu empfehlen, der sich etwas tiefer mit Glauben und Religionen beschäftigen will.

Kurzbeschreibung In 1906, three men share a destiny forged by a prophecy of destruction. That prophecy comes true with staggering force with the San Francisco earthquake and fire, and young assistant pastor Paul Winston is cast into spiritual darkness when his fiancée is among the dead. Soon Paul finds himself torn between two powerful mentors: the charismatic pastor who rescued him from the street and an eccentric atheist who gradually undercuts Christianity's intellectual foundation. As he grapples with the shock to love and faith, Paul's past haunts him. He struggles to retain his faith, the redemptive lifesaver that keeps him afloat in a sea of guilt. But the belief that once saved him now threatens to destroy the man he is becoming. Paul discovers that redemption comes in many forms. A miracle of life. A fall from grace. A friend resurrected. A secret discovered. And maybe, a new path taken. He realizes that religion is too important to let someone else decide it for him. The choice in the end is his: will it be one he can live with? *Cross Examined* challenges the popular intellectual arguments for Christianity and invites the reader to shore them up or discard them. Take the journey and see where it leads you.

Über den Autor und weitere Mitwirkende After graduating from MIT in 1980, Bob Seidensticker designed digital hardware, about which he wrote his first book, *The Well-Tempered Digital Design* (Addison-Wesley, 1986). He has programmed in a dozen computer languages and in environments ranging from punch cards, to one of the first windowing environments, to MS-DOS, to Windows (starting with version 1.0). He is a co-contributor to 14 software patents and has worked at a number of technology companies from a 10-person startup to Microsoft and IBM. Since leaving Microsoft, he has focused on writing. *Future Hype: The Myths of Technology Change* (Berrett-Koehler, 2006) explored technology change: how we see it and how it really works. *Cross Examined* is his first novel.
