**Von Patricia Lakin : Dad and Me in the Morning (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dad and Me in the Morning (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Dad and Me in the Morning Von Robert Walker As a Deaf person myself, I was pleased with the positive images in this work. This is an excellent book based on the relationship between a deaf child and his father. It displayed the father's acceptance of his child's need for ASL (American Sign Language) and the willingness and time to learn it. It is also a good way to introduce the rudiments of Deaf culture to the general public. It should be recommended reading for all - including hearing children. The watercolor illustrations and the context within work together beautifully and was well received by students at Gallaudet University (a liberal arts university for the deaf/hard of hearing students).

Kurzbeschreibung Early one morning, when it is still dark, a young boy wakes to his special alarm clock. He puts on his hearing aids and clothes, then goes to wake his father. Together they brave the cold as they walk down the dirt road that leads to the beach. They are excited about their adventure soon they will see the sunrise.
