GOD IS THE ULTIMATE DADDY!Von Ein KundeEven though I grew up in a stable home with two parents, I always seemed to need more love than they were able to provide. Through Pastor Jakes' teaching, I have come to know God

as the "ultimate daddy," who gives me all the love I need and more. There is nothing in the world like crawling into God's lap for some cuddling and conversation. In this book, Pastor Jakes shows you that you are worthy of this love that God offers, and that all His promises and blessings are yours. I thank God for people like Pastor Jakes who speaks to me, and women like me, through the anointing of the Spirit.0 von 0 Kunden fanden die folgende Rezension hilfreich. It blessed my innermost soul and healed my past hurts.Von Ein KundeI have read many books and talked to many ministers about the way that I felt about myself over the past few years. However, one day I had come to the break of suicide, when someone gave me this book. From the first five pages I knew that my life would never be the same, and that God really was about to move. Bishiop Jakes took a bold step at dealing with the issues that most women have been dealing with all of their lives. I know that he had to have written this book under the anointing of God because it spoke to my spirit. By the time that I finished that book I was ready to live again. I was able to say good-bye to all of my past hurts, and people that had done me wrong in life. I also was able to finally see that eventhough I grew up without the love of my natural father, God was there and He loves me and will always be there no matter where I went and what I do. Through this book I now can really say "Nothing can seperate me from the love of God." This book is a must have for every woman that is dealing with past issues or for everyone that has a daughter. It is also a good tool for the man that wants to be a good father to his girls. I just want to take this time to tell Pastor Jakes that I really thank him, and I thank God for using him to touch my life.1 von 1 Kunden fanden die folgende Rezension hilfreich. greatVon Ein KundeThis book helped me to realized that eventhough I didn't have a earthly father in the household that my Father in Heaven will teach me and validate me as a father should have done for me. It help me to realize that I shouldn't be upset about my earthly father not being there and that God has provided all I need here on earth.
