**Von Suzanne Fisher Staples : Dangerous Skies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dangerous Skies:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Dangerous Skies Von Ein Kunde I rate Dangerous Skies five stars out of five because it is an excellent book to read and it keeps you reading more. I liked this book very much because it had a lot of excitement and it made you want to read more to find out what would happen next. In this book there was a murder and everybody thought it was this girl so

that kept me reading on to see if she really committed the crime or not. There is another book like this and it is called Haveli it is a little different but it has to do with a murder. Dangerous Skies is more exciting and has more adventure. In Dangerous Skies a black girl and her dad work on Buck Smith's farm. Her name is Tunes. It all started when Tunes and Buck were out fishing and in a boat when they were fishing and they spot a dead body floating along the shore of their property. Buck suspects that it is Jumbo but the landowner thinks it is Tunes since she is new. The adults can't help. While Buck is talking to Tunes Bucks finds something out that will turn everything around to figure out who killed the person that was floating in the lake0 von 0 Kunden fanden die folgende Rezension hilfreich. Dangerous SkiesVon Ein KundeI liked the writing and description. The author madethecharacters have a southern dialogue that is realistic. I thinkthat the beginning is dull but I kept on reading. The ending isn't as good as I think the author could write it... This story is about an african american 13-year old girl named Tunes. She lives in a small home with her father who works for Tune's best friend Buck Smith's dad. She is accused of murdering an hispanic worker, Jorge, who works for Jumbo Rawling s, a man who is well know in the community. I think this taught me how racist people can be. I liked to read this book and that is why I gave it 4 stars.0 von 0 Kunden fanden die folgende Rezension hilfreich. Could be betterVon Ein KundeThe theme to this book is really good. The characters were interesting and the story was wonderful. The only problem was the author didn't write it as well as she could have. The writing made it kind of dull. People who aren't that interested in reading would probably just give up and stop reading the book. If she had wanted more people to read it she could have made it more interesting. Besides that the book was really good.

KurzbeschreibungA Season of ChangeAlong the Virginia shoreline where their families have lived for generations, Buck and Tunes Smith defy tradition. Raised together like brother and sister, they are bound by surname, but not by skin color. And just as Buck has come to rely on Tunes, Tunes has come to trust that even in a place where race can mean so much, their friendship will remain as dependable as the tides.But then the horrifying events of one spring afternoon tear them apart -- and change their world forever. Desperate to hang on to the thing that he values most, Buck struggles to uphold their friendship -- without realizing that his efforts are pushing Tunes farther and farther away.From a Newbury Honor -- winning author, this is a powerfully moving story of friendship in the face of racism, and betrayal in the name of loyalty.Pressestimmen"Buck and Tunes, both 12 years old, have been like brother and sister even though Buck is white and Tunes is black-but on the day the two discover a corpse floating in a channel, the differences between their lives become overwhelmingly apparent...Masterfully crafted." --Starred, Publishers Weekly
