Von Daniel Ankele, Denise Ankele : Darius Kinsey: Photographer of the Pacific Northwest - 65+ Reproductions - locomotives, steam engines (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Darius Kinsey: Photographer of the Pacific Northwest - 65+ Reproductions - locomotives, steam engines (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Einblicke ins Arbeitsleben der Holzfaeller um die Jahrhundertwende 1900Von G. DobslawSuperdetailreiche Bilder der kurvengngigen Dampflokotiven der Typen Shay, Climax, Heisler und Mallet.Auf den handwerklich entwickelten Glasplatten hat Kinsey oft Bildnotizen direkt ins Negativ eingraviert.Prima Informationen aus Schwarz-Weier Zeit, als Umweltbewusstsein noch unbekannt war.Man hat in Europa vielleicht noch auf die alten Venezianer geschimpft,die fr den Schiffbau die adriatischen Kstenwlder abgeholt haben.Dauerhaft ist die Landschaft verkarstet, die Wlder sind verschwunden.Der dumme Mensch rubert weltweit heute noch seine eigenen Lebensgrundlagen fort.Die schnen Riesenbume sind in Nordamerika in den Hausbau und in die fen gewandert!Viele weitere historische Bilder dazu in der Washington University Gallery im InternetFr US-Waldbahnfans:Darius Kinsey: Photographer of

the Pacific Northwest Kinsey Photographer: 1 2 Logging Railroads of the West vtl. zum Nachspielen: The Model Railroader's Guide to Logging Railroads

Kurzbeschreibung DARIUS KINSEY Art Book contains 67 historic reproductions of locomotives and logging life in the Pacific Northwest with title, date and introduction below. Book includes Table of Contents, thumbnail gallery and is formatted for all Kindle readers and Tablets (use rotate and/or zoom feature on landscape/horizontal images for optimal viewing). Darius Kinsey was a western photographer known for his large-format images of logging locomotives and logging life in the Pacific Northwest. Originally Kinsey was a studio photographer, but gave up studio work in 1906 to focus on the lumber industry and scenic photography. He photographed for over 35 yrs until he fell from a stump and was forced to give up his career. He died in 1945, leaving an amazing visual history of early logging.
