**Von Robin Long : Natural Newborn Baby Photography: A Guide to Posing, Shooting, and Business** before purchasing it in order to gage whether or not it would be worth my time, and all praised Natural Newborn Baby Photography: A Guide to Posing, Shooting, and Business:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. an easy to read and quite informative bookVon MeerimThis book is exactly what I was looking for. I'm a starting newborn photographer based in Germany. I am a mother myself, yet I found interesting things about babies, their cues, etc. I liked the description of transitions between poses, how to go smoothly from one pose to another without disturbing the baby. Although business side of the photography business is not very in-depth, you can still get an idea of what necessary steps are for starting your business. Overall, the book was quite interesting and helpful for me. Thanks!
