MorrowThe revised edition of Barclay's commentaries was issued in 1975 and was prepared not by William Barclay, but by the Rev. James Martin. According to the introduction, the revised edition renews the printer's type, restyles the books, corrects some errors in the text and removes some

references which have become outdated. In addition, Biblical quotations in the commentaries use the Revised Standard Version instead of the King James Version (however Barclay's own translation is retained at the beginning of each daily section). The reality of the revised edition is quite different. What the introduction to the revised edition fails to mention is that while the 17 volumes of the previous 2nd edition contains a total of 5,195 pages, the revised edition prepared by Martin has only 4,541 pages, or a reduction of 12.6%. The reduction is most noticeable in the 2 volumes on Revelation, which is reduced from 528 to 415 pages, a reduction of 21.4%. In Ephesians, the revised edition contains 30 fewer pages, a reduction of 19.1% (157/127). The Gospel of John is reduced by 87 pages, a reduction of 13.7% (634/547). In the commentary in Revelation 3:1-6 (Sardis: A Lifeless Church), well over 50% of the material written by Barclay in the 2nd edition is removed by Martin in the revised edition. I first noticed this editing in the commentary in the Gospel of John 13:33-35 in which Jesus speaks of loving one another as he loved us. In the 2nd edition, Barclay so beautifully states the following: "He [Jesus] knew all their [his disciples] weaknesses and yet He still loved them. Those who really love us are the people who know us at our worst and who still love us." However, these two sentences do not appear in Martin's revised edition. Repeatedly, key sentences and phrases are deleted from the revised edition. Therefore, the revised edition is in fact an edited and condensed version of the commentaries actually written by William Barclay. William Barclay's commentaries are the most insightful and meaningful commentaries that I have ever read on the New Testament. However, if you want to read what Barclay actually said instead of what Martin thought was important enough to leave in, then check with a used book store or do a used book search on the internet to get the 2nd editions of these wonderful commentaries.

Von Rosemary Thornton I'm not sure how I first stumbled onto Barclay's work, but once I found his books - I couldn't stop! I've read this entire series of books - some of them I've read over and over again. In fact, the two volumes on Matthew and John I've read repeatedly. His books are full of powerful quotes and amazing stories and word pictures. His translations make such spiritual logic. You find yourself saying "Aha..." over and over again - because the truths he shares feel so much like something you've always known - but needed a little help in understanding. Barclay describes a God who loves us, who cares for us, who forgives us and who wants only the best of the best for us. It opened my eyes and taught me how to love myself *because* God loves me! A favorite line I've always remembered - Barclay quotes an old rabbinical saying "In the life to come, a man will have to give an account of all the good things of this life he could have enjoyed - but did not." Barclay's interpretation of the gospels is full of "Good news!"

I've taught an adult Sunday school class for seven years to over a hundred intelligent people and have never been disappointed by the Barclay's interpretations including the most difficult passages.

Kurzbeschreibung The only commentaries that I've used consistently are those written by William Barclay. They are absolutely fantastic and I wouldn't give up my set for anything.
