Von B.B Ediciones : New Dictionary GALO French-English v.3.0 (Version 2015) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised New Dictionary GALO French-English v.3.0 (Version 2015) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Very recommendableVon CustomerIts just exactly what I wanted. I have the now old-fashioned E-Ink Kindle and this dictionary works perfectly with it. Just click on the word and an instantaneous translation appears so that you can carry on reading with full comprehension. It also provides phonetic pronunciations, declines verbs and gives other uses of the word. I dont bother about that. I just want to be able to read a book quickly and understand it effortlessly and this

dictionary makes that possible.
