that the book was cool. Von Ein Kunde In Jerry B. Jenkins, Left Behind, he talked about a girl named Vicki Byrne. She was thought to be the only one left in her family. She had a feeling that one of her family members was still alive. She said that his name was Bub. That was what she called him. She believes so much that he is alive, that he tried to get Jud (her roommate) to take her to find Bub in Dallas. When Jud refused she got angry. While Jud was gone she got some money and started to write a note because if she didn't, Jud wouldn't let her stay at his house anymore. Because he didn't want to have to worry about anyone. After she packed her bags and wrote the note, she went out the door and walked to the highway. While she was hitchhiking she managed to stop a semi. When she saw that the people in the semi were slightly drunk she told them that she didn't need a ride anymore. When they heard that one of them got out and tried to grab her. Then she started to run. When she looked behind her she noticed that the people were not following her anymore. So she started to walk away. Just then a man offered her a ride. She thought that was as nice as they come so she got in the man's car. The man drove her about half way and told her that was as far as he could go. He told her that he wasn't going to leave her until he knew that she had a ride home. That's all that I can tell you so you could read the book and find out for yourself. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Very Well Done Von Ein Kunde I must say that all of the books in the Left Behind Series are very well written. I have read the kids' and adults' series, and love both. Before reading this series, I did not know much about the Tribulation, Rapture, etc. Although some people might not agree with the author's interpretations of the Bible, I think they did an excellent job, whether or not they are correct. These books also helped me tell a newly-saved friend about the Rapture. She says I freaked her out, but I'm happy because I at least got her attention and she's interested in it, right? By the way, both series of the Left Behind books can be read by any age. I am thirteen and previously began reading the adult series when I was twelve. I fully understood both series, so please read them, no matter what age you are! 0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a kewl book! Von Ein Kunde This is a really kewl book. I liked it alot. It is really easy to understand. The only thing I didn't like is that I think the authors should give you more of the bible verses that were used in this book because I would like to read the verses. Also, I think that the book is good for any age, not just 9-12. I really don't know any 9-year-olds who could understand the book. I'm 14, and I like the kids books a lot more than the adult books, because they're a lot easier to understand, less characters. So, if you haven't read Nicolae High, you need to. These books have changed a lot of people's lives and made them get saved.

Kurzbeschreibung These latest volumes of the hot-selling Left Behind juvenile series continue the story of four kids left behind after the Rapture. With themes and events that parallel the adult series, these books carry Left Behind's important message to the younger generation. In #5 Nicolae High, Judd, Vicki, Lionel, and Ryan are back in school, and their teachers are encouraging everyone to talk about the disappearances. But they're forbidden to talk about the real reason—the Rapture!. de School's back in session, and evil is in the curriculum: Judd and Vicki's old school has just been renamed Nicolae Carpathia High after the UN's new secretary-general, whom scripture-guru Bruce declares is the Antichrist and who has already begun planning a one-world government, religion, and currency. Our four heroes, recovering from the chaos of the Rapture just weeks ago (starting with The Vanishings, the first book in the Left Behind: The Kids series), are brushing up on Ezekiel, Daniel, and Revelation, preparing to help in the last-minute "soul harvest" prophesied for the end-times. But it won't be easy, because the faculty is confiscating Bibles and citing separation of church and state to put a lid on the truth. The Young Tribulation Force has to get creative to spread the Good News. The Evangelical Christian science fiction series Left Behind: The Kids is a youth-oriented story line based on Jerry B. Jenkins and Tim LaHaye's bestselling Left Behind. (Ages 9 to 12) --Paul
