Von Garret Keizer : No Place But Here: A Teachers Vocation in a Rural Community: A Teacher's Vocation in a Rural Community before purchasing it in order to gage whether or not it would be worth my time, and all praised No Place But Here: A Teachers Vocation in a Rural Community: A Teacher's Vocation in a Rural Community:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An earthy jewel of a book... Von Matt Green (mgreen@verticalreality.org)Mr. Keizer's writing drips with his educational agenda, yet--at the same time--oozes humility and concern for students. With plenty of stories and "sermons" revealing the heart and soul of the North Country of Vermont, anyone who has lived there will find the book entrancing; anyone who has not lived there will find themselves strangely drawn to explore its social and natural beauty.0 von 0 Kunden fanden die folgende Rezension hilfreich. excellent readVon Ein KundeIn my M.Ed. program, Garrett Keizer was the best of the assigned reading. He does a wonderful job of discussing the day-to-day and larger theoretical issues of high school teaching, and his sense of humor makes the book compelling and readable. Though his agenda may be heavy handed at times, anyone who has thoughts on the state of public school education in the US should read this.0 von 0 Kunden fanden die folgende Rezension hilfreich. A book of rare power and persuasionVon Ein KundeHolding a lantern before his readers, Keizer escorts them through a rural landscape that is filled with a raw beauty that is masterfully contained within his plaintive language. This important book should be read by all, whether lay or religious, academic or professional--it will challenge you to view (and value) the intrinsic worth of your own lives...as well as others'.

KurzbeschreibungA Christopher Award-winning story of Keizer's experiences teaching in Vermont's Northeast Kingdom.PressestimmenSmithsonian Magazine "What's fresh and even exhilarating about Keizer's book is its locale - an uncelebrated, backwater corner of New England-and his commitment to this place, to altering the lives of his students. On subjects ranging from student courtesy to teenage sex, Keizer opens up his classroom and his commitment with wry wit and rare zeal . . . A seasoned, razor-sharp testament to the complexity and fulfillment of a beleaguered yet essential vocation. Garret Keizer can do the truly remarkable, he can make a reader yearn to go back to high school. Smithsonian Magazine"A beautiful, sincere, and terribly important book about how a young teacher grew into his vocation and learned a great deal in the process. It's also a book about values intellectual, educational, and moral values in an age that seems instinctively to distrust them . . . A rich, amusing, and deeply wise book that should challenge and inspire those who care about what happens in our schools. Jay Parini, USA Today"A compelling mixture of autobiography, sketches of rural life, and social criticism from a tough-minded and compassionate high-school English teacher in northeastern Vermont . . . A refreshing combination of arrogance and humility that reveals the author as neither policy-maker nor theorist, but as a teacher and writer aware of contradictions, ever seeking fresh truths. Kirkus s"-What's fresh and even exhilarating about Keizer's book is its locale -an uncelebrated, backwater corner of New England-and his commitment to this place, to altering the lives of his students.
