KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I wish I had been told...Von FrogzzzThis is a funny coffee table book. It lives a smile on every face. It was written by a father leaving some advices to both his son and daughter. Sometimes anecdotal, it is a very pleasant read. Somewhat while reading it, I wished I had been told some of it.

Kurzbeschreibung'You won't find a singsong entry in this book that says, 'Magic happens' or 'Climb a tree with a child.' There are no pictures of cuddly animals . . . It's the stuff I wish somebody, anybody, had told me twenty years ago.' No tattoos before you're thirty is a collection of witty, modern truths aimed more towards the realities of everyday life than the value of eating your greens. It's fun, irreverent and crammed with insight into contemporary life.
