Von BRIAN WOOD : Northlanders Vol. 4: The Plague Widow before purchasing it in order to gage whether or not it would be worth my time, and all praised Northlanders Vol. 4: The Plague Widow:

KurzbeschreibungSet in Viking Russia in A.D.1020, "The Plague Widow" examines a year in the life of a remote settlement under siege by a contagious outbreak. The residents of this village are so focused on shutting the outside world out, they don't think about who they're shutting themselves in with. Mixing equal parts crime, history and survival fiction, this is the most brutal NORTHLANDERS story to date!KurzbeschreibungSet in Viking Russia in A.D.1020, "The Plague Widow" examines a year in the life of a remote settlement under siege by a contagious outbreak.
