Von Ein Kunde Curt Smith replicates the format of his earlier "The Storytellers," this time turning the "mikes" over to football rather than baseball announcers. Personally, I liked the earlier collection better, perhaps because I prefer the diamond to the gridiron. And Smith's own passages, in the announcer profiles and chapter introductions, once again show a lot of duplication from his earlier books like the aforementioned "Storytellers" and

"Voices Of The Game." Nonetheless, there's no shortage of great anecdotes here and this book should be more than welcome for fans of football or broadcasting.

Kurzbeschreibung In this collection of anecdotes from the announcers of pro football, the Voices reminisce about a time before television, when the NFL was just making its floundering start and college ball held all the attraction. With the spread of television broadcasting, the Voices gain faces and the NFL gains an audience. Recall with the broadcasters the excitement of pivotal moments, the glory of the victors, and the great men who coached those champions. With their love of the work and lots of lighthearted memories about everything from the Heidi game to the glory of Green Bay to the birth of "Monday Night Football," these men and women bring football to life.
