Sanders has compiled a wonderful book of activities that will greatly enrich any child's Bible education. Sanders briefly explains concepts/stories from the Old Testament (starting with the days of Abraham and ending with the days of Nehemiah) and then gives a simple enrichment activity to help recreate a moment from Biblical times. A few of the fun activities include making a lyre, building a salt-dough map, creating a seal and reenacting a day at a market in Jerusalem. If you want to bring the Old Testament to life for children, this book is a must.

Kurzbeschreibung More than 80 projects drawn from archaeological evidence and Bible descriptions make Old Testament days come alive in this activity guide for children ages 5 to 12. Children can enjoy a desert picnic of dried figs, goats milk cheese, and lentil stew, or make a loose tunic like the one young Isaac wore on his familys trek to the Promised Land nearly 4,000 years ago. They can make a painted throwing stick or a wooden paddle doll like the ones Moses might have played with in the Pharoahs palace, and build toy instruments like those the Israelites used to celebrate their return to Jerusalem in approximately 538 B.C. Games, recipes, crafts, and just enough historical background provide plenty of educational fun for home or school.
