Courtesy of Teens Read TooVon TeensReadTooThis is the story, in journal form, of Mr. Kuzma's first summer in a competitive touring marching band. It appears to have been quite a summer. From bus mishaps, to strange traveling and lodging conditions, instrument-related injuries -- the list goes on and on. There are also random relationships, some fleeting and some destined to last a lifetime.This book will appeal most to people involved in marching bands. More specifically, anyone who currently competes, or intends to start this kind of adventure. It could provide a reflection of what you've experienced, or give you a good idea of what's in store for you.What it did for me, one of the people who made fun of the band kids, was give me a newfound respect for anyone who puts themselves through this. I was amazed at how much everyone is expected to learn in such a short period of time, and how hard everyone works. And, how fast it all can change and you very nearly have to start over!In equal parts exhilarating, frustrating, painful, and funny, it seems to be an interesting life.Reviewed by: Carrie Spellman
