Von Ken Brown : One Putt (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised One Putt (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Arbeitsbuch fr engagierte GolferVon Gabriele kuhntEine gute Hilfe, die zwar nicht den Pro spart, aber vielleicht die eine oder andere Golfstunde. Gute Tipps aus dem nicht einfachen Golferalltag!

KurzbeschreibungClimb the ladder to achieve one-putts by choosing the right putter, achieving an immaculate set up, reading the greens, acquiring touch and feel and honing your skills through drills.This book also includes some stunning bespoke photography from Getty's No.1 golf photographer as well as many shots of today's leading Pros shot

especially for the book. With Ken's own analysis and stories from a wealth of experience, this heavily illustrated, easy-to-follow book will make honing this golfing skill easy and entertaining. *Pressestimmen*" [of the UK edition:] Useful to players of all handicaps. This book lays out the fundamentals of putting and teaches players how to become a master with the flatstick, like the author. Engaging, full of the author's easy-going charm and well-written throughout, take heed of Brown's instruction and you could also become a "One Putt" player. "--Charlie Lemay" *Golf Magic*" (07/13/2015) "What separates Brown's book from the kluge of golf instruction manuals is its easy-to-follow organization. Giving new meaning to "step-by-step," the author arranges the chapters as if they were rungs on a ladder that climb from choosing the right putter to setting up correctly to reading greens to mastering stroke, touch and feel. The tips, drills and glib anecdotes come printed in large type with easy-to-follow instructions. The eye-over-the-ball section is inspired, and there's even a flicker sequence to riffle through! The high-quality photos and illustrations never get overly technical as they reinforce Brown's enlightened approach. The shots of famous pros putting are not included gratuitously; rather, we learn what makes them money on the greens. One Putt helps you appreciate [that] the hard work involved in becoming a great putter doesn't have to feel like work at all." --Jon Rizzi" *Colorado Avid Golfer Magazine*" (05/01/2016) The book is laid out beautifully with just enough words and pictures to get Ken's ideas across to the reader. One Putt can be read from start to finish or read from any chapter that might interest you. That's what makes it a good read for the new golfer or the seasoned duffer... One Putt is the perfect addition for the golfer in your life. --Sean Crogie" *Ottawa Golf Blog*" (05/17/2016) (review of UK edition) The book is wonderfully and clearly illustrated with pictures of both Ken and a raft of tour professionals, whose techniques are utilised and analysed throughout to complement the instruction with hands-on examples from the best in the business. If you've been struggling on the greens, or simply want to increase your one-putt percentage, this is the book for you. It's a clear, comprehensive, concise and well-illustrated guide put together by a master putter who's been around the professional game for the best part of 40 years. --Nick Bonfield" *Golf Monthly Magazine*" (08/11/2015) *Werbetext* Achieve perfect putting with golf's best-loved analyst and commentator, and with a foreword by the late, great Seve.
