Awesome!Von Ein KundeIn this book, Sierra Jensen is heading back to the US after a missionary trip in Europe. Only she's not going back to Texas. While she was in Europe her family moved to Oregon to live with her Granna Mae, who is old and needs care. On the way back to America, Sierra meets another American : a boy that amazingly has

connections to other people in her life. Even after they part, Sierra can't get her mind off Paul. She has given him some advice that she doubts he'd take, but all she can do is pray for this mysterious boy. After arriving in Oregon, Sierra has a hard time adjusting to her new life. Her family has had time to get settled, but they expect Sierra to adapt right away to her new circumstances. She dislikes the school she's going to and has difficulty dealing with her grandmother's memory lapses. And she still can't keep her mind off of Paul. Then Sierra tries to sort out her life. She tries harder to adjust to school, her grandmother's mind starts to get a bit better, and then she receives a very interesting letter... This is one of the best books I've ever read. It kept me laughing and also encouraged me. If you read only one fictional book this year, make it this one!

This book is great. It tells how Christy, Katie, Doug, and Sierra's missions trip ends. Its especially wonderful becuz it sorta starts where a promise is forever left off, except this book is more sierra focused. i still love this book, and i love the whole sierra jensen series. They are ALL must reads!

Kurzbeschreibung
Only You, Sierra
Sierra was nervous about the future. She had always been the bold, free-spirited type. But then, her whole foundation of home and family had never before been rocked. Sierra Jensen settled back into her seat and gazed through the train window at the English countryside. So much was on her mind, and her heart was flooded with emotions. She hoped the friendship she had made with Katie and Christy the past week during the Europe mission trip would last forever. She dreaded the flight back to the States, knowing that everything would be completely different when she returned home. While in England, Sierra's family had moved to a different state. She hated the thought of going to a new high school in the middle of her junior year, where everybody already had their cliques and boyfriends. The prospect of another dateless year made her heart sink. She wondered if she'd ever find love, and then in a London airport, she met Paul. Her heart, which had sunk so low, leapt! But of course, it was just a chance meeting...wasn't it? She would never see him again...would she?
