Von Ryan Lee : ooptrades TPB Buyer's Guide: Ten Indie Gems (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised ooptrades TPB Buyer's Guide: Ten Indie Gems (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gems you didn't know aboutVon Thomas GrossMr. Lee seems to be a crazy kind of hunter for rare comics. Specializing in

Hardcover and PB Collections he gives you good advice what to look for and how to make a profit selling that stuff. Best of all, and that's what you mainly pay for here, are the books he tells you to look for. Even if you are an experienced trader in rare collections these are the books you wouldn't have thought of before. Well, at least I didn't. And I already found some of those books and sold them for a profit that is a multiple times more than Mr. Lee's book costs. So what are you waiting for; buy the thing without hesitating! Thanks Mr. Lee! I would like more of your well researched work.

KurzbeschreibungOut-of-print trade paperbacks are the most profitable comics you never knew about...until now! Unlock these hidden treasures hiding right under your nose with the second ooptrades Buyer's Guide: Ten Indie Gems!The guide includes a quick introduction to the out-of-print trade market for absolute beginners, three easy rules to help growing book scouts stay out of trouble, and a list of the most powerful independent trade paperbacks going as curated by the premier name in the out-of-print trade market.
