Von A. A. Hodge : Outlines of Theology (clean copy with actively linked table of contents) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Outlines of Theology (clean copy with actively linked table of contents) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
Outstanding!!!!Von Ein KundeThis book is a must for any Christian library, A. A. Hodge lays out in wonderful and understandable form a systematic thinking toward God. Each chapter broke down into understandable and easy to comprehend form. From chapter 1 "Christian theology; its several branches; and their relation to other departments of human knowledge." To chapter 43 "the Lord's supper" Mr. Hodge brings theology to life. A must in my opinion for any pastor, teacher or individual who wants to further their knowledge of the Father, Son and Holy Ghost. The explanation of Angels and the rise and fall of Satan are well explained.

KurzbeschreibungThis eBook has clean copy and comes complete with an active linked Table of Contents, making navigation quicker and easier. Some other versions of this book may not have active link technology built into them. The author of this classic work on Protestant Theology, A.A. Hodge (1823-1886), served as Professor in Systematic Theology at Princeton Seminary from 1877 until his death in 1886. Outlines of Theology was first published in 1860. In reviewing A. A. Hodge's Outlines in Theology (1878) C.H. Spurgeon once stated: "We commend the Outlines of Theology to all who would be well instructed in the faith. It is the standard text-book of our college. We differ from its teachings upon baptism, but in almost everything else we endorse Hodge to the letter." [emphasis added] In agreement with Spurgeon's enthusiasm, we believe this book should be on every person's shelf. Table of ContentsPreface To First EditionPreface To Revised And Enlarged Edition1. Christian Theology; Its Several Branches; And Their Relation To Other Departments Of Human Knowledge2. The Origin Of The Idea Of God And Proof Of His Existence3. The Sources Of Theology4.
