With her practiced and proven approach, you can experience the joy of painting glowing skies and sparkling water. Inside you'll find: 24 step-by-step demonstrations showing the creation of breathtaking skies and water in pastel. Techniques for painting skies, including the various types of clouds and how light changes depending on the season and time of day. How to depict water in all its forms, from calm, reflective ponds and meandering rivers to whitewater cascades and ocean waves. A clear and simple approach to the puzzling concepts of aerial perspective and the nature of reflections. A primer on materials to help novice artists and newcomers get started in pastel. Beautifully illustrated with stunning landscapes, *Painting Brilliant Skies and Water in Pastel* is a must for artists who have not found the targeted help they seek in other landscape painting books.
