Von Daniel Miyares : Pardon Me! before purchasing it in order to gage whether or not it would be worth my time, and all praised Pardon Me!:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Humorous story and nice illustrations will manage to intrigue preschool kidsVon Helpful AdvicePardon Me! written and illustrated by Daniel Miyares is a charming story about the little bird that only wanted some peace for himself but will actually get much more than he ever imagined.On one beautiful day a little yellow bird will land on a rock in the swamp to rest for a while. But his rest will be interrupted first by a heron, then a frog and a turtle who all wanted to sit on the same rock with him. And though each animal is trying to be polite, saying pardon me, the little birds replies with each new companion will get grumpierAnd then the fox will come and this story will be ended in a surprising way which will intrigue the young reader for a new reading.With Pardon Me! Daniel Miyares managed to create children book that resembles works of Jon Klassen such as This is Not My Hat or I Want My Hat Back therefore all fans of Klassen opus will fully enjoy it. I dont want to spoil the fun of reading, but the end of story for sure is the best part of this book, though reader should not await some big life lesson, but its more about fun and few good laughs.Where this book really excels is its artwork, where Miyares manages to successfully combine old-school presentation with few drops of contemporaneity which results in great illustrations that vividly picture the swamp and its inhabitants.Overall, Pardon Me! is good children book that doesnt deliver some important teachings about the life but with humorous story and nice illustrations will manage to intrigue preschool kids to read it for several times.

KurzbeschreibungA little bird just wants some peace and quietbut hes about to get a whole lot more than he bargained

for in this clever picture book debut, in the tradition of Jon Klassen's *I Want My Hat Back*. It's a beautiful, sunny day in the swamp when a little yellow bird settles down on a rock only to be interrupted as first a heron, then a frog, then a turtle ask to sit on the rock with him. As each animal says pardon me, the little bird's replies get grumpier: "I suppose I can't stop you. It's already crowded, don't you think?" "Sure, the entire swamp's here already. Why shouldn't you be, too?" When a fox comes by, the bird finally loses his cool. But it just so happens that the fox showed up for a reason, and the little bird's outburst leads to a surprise ending you'll want to read again and again.

Pressestimmen "A fabulous choice for storytime; pair it with Jon Klassen's *I Want My Hat Back* (Candlewick, 2011) for surefire laughs and cries to 'read it again, please.'" (School Library Journal) "Miyares, in his first outing as both author and artist, follows in the footsteps of Jon Klassen . . . A winning, mischievous read-aloud." (Publishers Weekly) "sumptuously illustrated" (The Wall Street Journal)

Kurzbeschreibung A little bird just wants some peace and quiet but he's about to get a whole lot more than he bargained for in this clever picture book debut, in the tradition of Jon Klassen's *I Want My Hat Back*.
