Courtesy of Teens Read TooVon TeensReadTooGold Star Award Winner!Birdie, Leeda, and Murphy are three girls that you need to get to know. Now.Murphy is the troublemaker, Birdie is the shy girl whose dad owns the peach farm all the girls work at, and Leeda can seem like the snobby girl, but deep down is very sweet. These three girls, who don't know each other at all when they first come to work, soon become best friends. They have their boyfriend problems, petty

fights, and family problems that they help each other overcome, and that's what pulls them together. This book is definitely for THE SISTERHOOD OF THE TRAVELING PANTS fans. All three of the girls are good and bad in their own ways and are loyal to each other. But not so much that it gets boring...Even though it was a little difficult to get into, I ended up loving PEACHES by the time I was done. A great girly-girl book, or even for anyone interested in how friendships form, and how peach-picking can impact a friendship. Reviewed by: Taylor Rector

Kurzbeschreibung The New York Times bestselling debut novel from critically acclaimed author Jodi Lynn Anderson follows three very different girls as they discover the secret to finding the right boy, making the truest of friends, and picking the perfect Georgia peach. Murphy McGowen has bright green eyes, a reputation as the wildest girl in Bridgewater, and a way of getting out of all the trouble she gets into. But when she's caught stealing from the Darlington Orchard, she's forced to repay her debt picking peaches in the hot Georgia sun. Leeda Cawley-Smith has professionally whitened teeth and the softest skin her boyfriend has ever touched. Unfortunately, Leeda's parents aren't too keen on her being touched anymore. Now Leeda's country-club summer is out the window she'll be getting a serious sock tan working at her uncle's peach orchard instead. Birdie Darlington used to dance around her family's orchard picking peaches for fun. But now that her parents are getting divorced, Birdie would rather spend the summer in the A/C eating Thin Mints than pick another peach too bad she doesn't have a choice. Thrown together at Darlington Orchard, Murphy, Leeda, and Birdie discover what it means to find a real soul mate, and that sometimes cute boys know a lot about peach cider. And, of course, they learn the trick to picking a perfect peach. One thing's for sure it's going to be a juicy summer. From Booklist Gr. 8-11. Anderson's debut reads like a first cousin to Ann Brashares' Traveling Pants series. Here, rather than the perfect pair of jeans, it's an intoxicating peach orchard that works its magic on three teens, brought together to pick fruit in the summer before their last year of high school. Shy, awkward Birdie, the homeschooled daughter of the Darlington Orchard's owners; Leeda, Birdie's gorgeous, wealthy, "kind of cold and uptight" cousin; and restless, rebellious Murphy discover in one another a strong, unlikely friendship that helps each girl move past her own limitations and open herself to thrilling possibilities. The Darlington's financial troubles, overtures from a sleazy developer, and several dreamy romantic interests add tension and intrigue to the friendship story. Interspersed vignettes of momentous scenes from the orchard's past add to the setting's mysterious aura, and Anderson's vivid descriptions of the scented rows of trees, buzzing with heat and life, echo the restlessness of her well-drawn teen characters. A charming, breezy choice for strong and reluctant readers alike. Gillian Engberg Copyright American Library Association. Murphy, a bright, sarcastic 16-year-old from the wrong side of town, is completing community service at the orchard. Wealthy Leeda lives in her perfect older sister's shadow. She decides to work at her uncle's orchard on a whim and then is too proud to change her mind. Birdie Darlington is trying to keep the farm running despite the fact that her mother has left and her father refuses to face the desperate straits that the business is in. As the summer progresses, the girls bond and realize that you cannot judge someone by her financial or family situation. The characters are realistic and the dialogue is fresh.
