Von Ian Barnett : The Airgun Hunter's Year: From dawn to dusk throughout the seasons before purchasing it in order to gage whether or not it would be worth my time, and all praised The Airgun Hunter's Year: From dawn to dusk throughout the seasons:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Very enjoyable reading Von Karl Steffens This is a book about someone that really loves his hobby, it also tells the story of a man who grew up in the 60's. This is very enjoyable reading, it is a bit different from other Airgun books because it's not a technical book. After only a few pages you get the feeling that someone with experience is telling you stories out of his life and gives you good tips on Airgun hunting. I like the book and think it was well worth the Money.

Kurzbeschreibung You will not find a more experienced and enthusiastic airgun hunter than Ian Barnett who, in this new book, takes the reader on hunting forays to field, wood and farm in search of rabbits, squirrels, corvids, pigeons, rats. As the year progresses, he describes the many tactics needed to pursue particular quarry, he offers countless technical tips, looks at the pros and cons of using certain airguns and pellets and offers some excellent recipes! To read this is to discover the thrill and fascination of airgun hunting, enjoying the great outdoors from the depths of winter to high summer. Ian writes regularly about his passion of 30 years, for Sporting Rifle, Airgun Shooter and Countryman's Weekly.
