She graduated high school early and now she's heading to college, roughly an hour away from home and her overprotective mother. At 16, she's ready to let life take control.She and her roommate decide to rush the Alphas. Grace Kelly admires the sisters, but unfortunately for her, she's asked to leave due to an altercation with another girl.She's not ready to let go of her

dreams, so she creates the mother of all lies and worms her way back into the running. Now, the three pledges must complete the Alpha Bet, a series of twenty-six tasks set up by the sisters of the house. How far will she go to secure her rush spot? Grace Kelly knows that while her roommate took care to make her look like an Alpha, she's starting to feel like one, too. She's also feeling guilty about the lie she told to become accepted. What will the sisters do if her secret becomes public knowledge? This is a cute, fun read with romance, friendship, and one evil girl. I liked the relationships between Grace Kelly and her roommate, especially considering how they first met! I liked the tasks set by the sisters and the sisters themselves. I loved the geek-to-glam part of the book - and not just on the outside. Reviewed by: Jennifer Rummel 0 von 0 Kunden fanden die folgende Rezension hilfreich. From Geek to Greek. Absolut gelungen. Von Becks Hugger Die Handlung: Grace Kelly, liebenswert und seeehr tollpatschig, ist 16, als sie die High School abschliet und von zu Hause auszieht, um an der McMillan Universitt zu studieren. Zum ersten Mal in ihrem Leben befindet sie sich auerhalb ihrer Comfort Zone und muss sich, weit weg von ihrer berbehtenden Mutter und allem, was sie kennt, ganz neu orientieren. Gemeinsam mit ihrer neuen Mitbewohnerin Jentry beschliet sie, sich um die Aufnahme bei den Alphas, einer exklusiven Schwesternschaft auf dem Campus zu bewerben. Whrend der Initiationsphase geht es drunter und drber, denn neben den verrckten Aufgaben, die Grace Kelly fr die amtierenden Schwestern erffllen muss, taucht auch noch der umwerfend se Science Geek Charlie auf der Bildflche auf... Bewertung: Obwohl ich eigentlich schon viel zu alt fr Teenage-Romance-Bcher bin, war ich von der ersten Seite an hingerissen. Die warmherzige Erzhlweise der Autorin und die liebenswerten, witzigen Charaktere haben mich sofort verzaubert. Wer auf der Suche ist nach einem Buch zum Entspannen, Trumen, Mitfiebern und einfach fr eine Weile den Alltag vergessen, der liegt hiermit genau richtig.

Kurzbeschreibung From the author of *Revenge of the Homecoming Queen*, *Twisted Sisters*, *Spring Breakup*, *High School Hangover* comes another hilarious young adult novel guaranteed to keep you turning pages late into the night. Some teenagers use drugs or sex to escape overbearing parents. I used books. All my life my mother has been hovering over me, afraid to let me experience ANYTHING. So I got really good grades, graduated from high school when I was sixteen, and escaped to a new lifemy own lifeat college. To jump-start my social life, I decided to rush the Alphas, the most exclusive sorority on campus. Things started to get complicated when I told one little white lie. (Okay, maybe not so little.) Then one of the sisters invoked the Alpha Bet, a super-secret set of alphabetical tasks we pledges have to complete to prove our loyalty. Now, the Alpha Bet has taken over my life. Can you spell B-E-T-R-A-Y-A-L?" Reminiscent of Meg Cabot and Kieran Scott, Hale sets a perfect tone overtly bubbly with glimpses of Grace Kellys obvious intelligence for her gawky, brainy wallflower with a delightful personality."
