**Von Andy Warhol, Pat Hackett : The Andy Warhol Diaries (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Andy Warhol Diaries (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Gossip and More Gossip about the fabulous 70s and 80sVon Ein KundeFascinating tales from the horses mouth. Andy dictated his diary to Pat Hackett at 9:30 am daily from wherever he was in the world. It started out as an expense account diary, but it turned into gossipy dish about the wild times in the Warhol world of the 70s and 80s. One can almost hear Andy speaking the words in his low, whiney voice. Some parts are very very funny, other parts make you want to cry. Andy was a lost soul and it comes through very clearly in his quest for acceptance. This book is large, trimmed down from 20,000 original diary pages, but still too large for a quick read. It almost takes extra time to read the diaries, a lot cannot be absorbed all at once. It is best ingested and enjoyed in small doses. It is really a delight and full of naughty fun2 von 2 Kunden fanden die folgende Rezension hilfreich. Mordant, heartbreaking, exhilarating... a must!Von Miguela fantastic look inside the head of one of the world's biggest mysteries! And the guide is none other than the man himself.Under the platinum fright-wig, there was a swiss-made machinery that went on 24/7. This is a description of Andy's last 9 years. At times funny and piquant, at others annoying, it offers the closest thing to an

autobiography there ever will be about both man myth. A veritable who's who and who's what (and where) of this era is there in vivid detail. From the '54 days, to Bianca and Mick's ugly split, John Lennon's murder which left Warhol aghast, to Truman Capote's passing which made him cry. Phone chats with First Ladies and litterbugs, crushes on rock stars, celebrity weddings and celebrity parties, taxi bills (oh, how he kept track of money!), loneliness in crowds and funny, catty comment on friends and foes alike with the deadpan charm that was his trademark. This is a most precious document on pop culture and history, as seen through the eyes and lenses of a man who was gifted with talent and was virtuous enough to be totally observant. Read it and keep it forever!

1 von 1 Kunden fanden die folgende Rezension hilfreich. Stream-of-consciousness, Warhol-style Von Tucson2k

If you ever wanted to know what the New York state of mind was in the 1970s and 1980s, then this book is for you. Andy Warhol lived at the center of the "beautiful people" in the New York club/celebrity scene, from his Factory to Studio 54 and seemingly everywhere else. From hustlers and porn stars to the Hollywood glitterati and political movers and shakers, Warhol dictated it all to his diarist, Pat Hackett, who distilled it from 20,000 pages into this huge book. You will be shocked, you will be amused and you will see why there was only one Andy Warhol -- the artist and pop culturist who took a "New York" minute and turned it into 15 minutes of bizarre fame. Don't miss out on this book!

Kurzbeschreibung In celebration of its 25th anniversary, the bestselling classic is introduced to a new generation-with an added preface by Warhol's diarist and long-time friend, Pat Hackett, contemplating Warhol's lasting cultural impact. This international literary sensation turns the spotlight on one of the most influential and controversial figures in American culture. Filled with shocking observations about the lives, loves, and careers of the rich, famous, and fabulous, Warhol's journal is endlessly fun and fascinating. Spanning the mid-1970s until just a few days before his death in 1987, THE ANDY WARHOL DIARIES is a compendium of the more than twenty thousand pages of the artist's diary that he dictated daily to Pat Hackett. In it, Warhol gives us the ultimate backstage pass to practically everything that went on in the world-both high and low. He hangs out with "everybody": Jackie O ("thinks she's so grand she doesn't even owe it to the public to have another great marriage to somebody big"), Yoko Ono ("We dialed F-U-C-K-Y-O-U and L-O-V-E-Y-O-U to see what happened, we had so much fun"), and "Princess Marina of, I guess, Greece," along with art-world rock stars Jean-Michel Basquiat, Francis Bacon, Salvador Dali, and Keith Haring. Warhol had something to say about everyone who crossed his path, whether it was Lou Reed or Liberace, Patti Smith or Diana Ross, Frank Sinatra or Michael Jackson. A true cultural artifact, THE ANDY WARHOL DIARIES amounts to a portrait of an artist-and an era-unlike any other.

Pressestimmen "The ultimate self-portrait." Boston Globe
