Von Levi H. Dowling : The Aquarian Gospel of Jesus the Christ (Tarcher Cornerstone Editions) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Aquarian Gospel of Jesus the Christ (Tarcher Cornerstone Editions):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Most (if not all) Christians will hate this book! Von Ein Kunde The "Church" (whether any of the Catholic sects or Protestant denominations) has always taught their adherents "traditional truths" about the man that they worship as God, Jesus

Christ. Throughout the history of "Christianity," these churches have emphasized rituals and outward demonstrations of devotion to this "god," no less so than the ancient Israelites making the Golden Calf. What has been taught for almost two thousand years is a complete distortion of who Jesus really was. He is the most misunderstood (and most taken-advantage-of) man in the history of the world. This book is certainly not for anyone who is happy or satisfied with the church that they belong to. This book is for people who have doubts about what they are being told, and for people who NEED to understand WHY things are the way they are in this world. Its not good enough for a religious "authority" to proclaim, "You should not have sex before marriage," but not tell you exactly why you shouldn't. The Aquarian Gospel will answer many questions, but those answers will not be accepted by a great many people who will read it. If you are skeptic about Edgar Cayce's "readings" then you should not even bother with this book. Ultimately, Levi and Cayce have tapped the same source; a source which most people cannot grasp, because they are hard of heart.1 von 1 Kunden fanden die folgende Rezension hilfreich. This book was written with much love and respect Von Christina (gia1614@yahoo.com) It's a deeper, clearer image of Jesus as a teacher of the human race and God's divine messenger. Having grown up as a disenchanted Catholic girl, I welcome this new/old synopsis of Jesus' life, from his education and training abroad, to his practice of Reiki healing among the people. The parables are enhanced by expanded background descriptions of those who were listening and why. Levi relates a real world of travelers, politicians, and common folk of that era. No wonder Jesus could inspire and terrify so many. This is the Christ I feel close to-- a bright burning fire of love and mercy, practical, courageous, waiting to guide us home. Recommended for intelligent, open-minded readers interested in matters of Spirit and the human heart.0 von 0 Kunden fanden die folgende Rezension hilfreich. A fascinating account of the life of Christ Von Ein Kunde "The Aquarian Gospel of Jesus The Christ" was originally recommended to me 10 years ago. I have read and reread it several times. I must say that on my first reading (especially the introduction) I found it hard to believe. However, the content of the book "felt right" and that is the only way I can describe it. As the years have past and I have encountered other books on spiritual matters I find that "The Aquarian Gospel of Jesus The Christ" makes so much more sense to me and has become one of the staple books in my spiritual Library. Many may have a hard time believing what this book has to say because it gives no evidence that it is truth, but to quote Pontius Pilate "What is truth?", I believe we must each listen to that quiet voice from our hearts for the answer.

Kurzbeschreibung An extraordinary vision of unity among the world's historic faiths and a classic of New Age spirituality. Here is a hugely influential interpretation of the "lost years" of Jesus Christ--from roughly the ages of twelve to thirty that are not covered in Scripture-- in which the Son of Man is seen to travel through the religious cultures of the East, learning and preaching the unifying spiritual ethic behind all religions. The Aquarian Gospel of Jesus the Christ is a stirring and deeply involving vision that profoundly impacted the development of alternative spirituality in the early twentieth century, and continues to touch readers today. Now, the unabridged narrative of this powerful work-- drawn from one of its earliest volumes--is redesigned for ease of reading in a handsome signature edition. Pressestimmen "A restored classic! This one has truly withstood the test of time. The original copyright date is 1908. (I discovered it in the late 1980s.) This new edition is based on the earliest existing version (1911). I still refer to it often when I teach. Im delighted to have this new, restored edition on my shelf."
