Adequate information. A little lean for the price. Von Ein Kunde While Mr. Mazzoni obviously knows a great deal about the recruiting process and the intricacies of the scholarship game, he presents this information in an overly simplistic form. There are very few details and a great deal of space is wasted with cheezy, distorted sports clip-art. I read the entire book in an hour while waiting for a dental appointment. This book is a very good primer on college sports recruiting and scholarships, but due to lack of detail and its diminutive size, I'd be hard-pressed to recommend buying it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The best college sports recruiting guide available... Von Ein Kunde Wayne Mazzoni has written, clearly and effectively, the best college sports recruiting guide available. It covers all the difficult and unknown questions for parents and student athletes, from how to choose a school, to how to promote yourself as an athlete to the schools of your choice. This book helped me and my son a great deal and is a must for anyone interested in playing collegiate sports. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Perfect. Just what was needed. Von Ein Kunde I was curious to see what the book was about since I had seen Wayne speak and heard him on TV. Reading one of the reviews on this site, I was skeptical. Not any more. Unless you expect the book to magically turn into a scholarship offer, you will find that it is amazing. It tells you exactly what to do and how to do it. Really the perfect how to book.

Kurzbeschreibung This book shows athletes how to get the best out of the recruiting process: conduct it like a job search, wherein the student-athlete is marketed to college coaches. You must target the right schools and then market yourself in the right way. Once a coach becomes interested many other issues must be settled (NCAA Clearinghouse, recruiting rules, scholarship issues, etc.) Kurzbeschreibung This book shows athletes how to get the best out of the recruiting process: conduct it like a job search, wherein the student-athlete is marketed to college coaches.
