Enttuschend!!Von JoseyMehr als 140Euro fr eine Bibel Made in ChinaPlastikledereinband, Papier von schlechter Qualitt - einmal ganz vorsichtig geblltert und schon zerknickt und zerknautscht.Hier passen Preis und Leistung nicht ansatzweise zusammen - sehr enttuschend!Fr den Preis - definitiv Nicht empfehlenswertSchaut lieber, ob Ihr sie anderswo fr einen passenderen Preis findet!1 von 2 Kunden fanden die folgende Rezension hilfreich. I heartily recommend it!Von Ein KundeThis is a wonderful copy of the old King James text replete with early 17th century spelling, ie., "byt yf ye be obeysant to our Lorde the Kynge", that sort of thing. The Holy Scriptures are, without a

doubt, the most important and influential writings known to man. Absolutely indispensable for one's salvation. Don't trust others tell you what is in the Bible. Men prefer to lie and manipulate the Scriptures to suit themselves. Get your own copy and discern for yourself. 0 von 1 Kunden fanden die folgende Rezension hilfreich. My Review of the Holy Bible Von Ein Kunde The Bible is the most subtly damaging and erroneous, most widely harmful, and probably the most destructive and malevolent piece of literature ever published in undermining human well-being and happiness. Today, most individuals reject the more obviously vicious, hellfire-and-brimstone aspects of the Bible and "old-time" religion. Still, even the most commonly rejected, blatantly malevolent aspects of the Bible and religions continue to do their damage by infusing subconscious guilt into those trying to live by Judeo-Christian ethics. The Bible orchestrates out-of-context facts and generalities to deliver falsehoods as valid "facts" or appealing illusions. Its authors use the technique or method of projecting from a valid base these out-of-context facts and generalities to reach pragmatic conclusions to fit the authors' wanted or desired ends regardless of objective reality. The Holy Bible uses a type of God-concept communication that is destructive to everyone, inverts objective values, and undermines man's intellect and induces guilt. Biblical ideas can be and are mystical, dishonest, malevolent, destructive, and for centuries have provided the philosophical ammunition to diminish happiness, drain prosperity, and cheat productive people on a grand scale. The Holy Bible was written by various egalitarians, mystics and demagogues. It offers no values, and it is virulently anti-life and anti-man. It is the most destructive book ever published by Western man, a monument to and the paradigm of human self-sacrifice and altruism, and the antithesis of human love, life, happiness and pleasure.
