Von John Stuart Mill : The Autobiography of John Stuart Mill (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Autobiography of John Stuart Mill (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Mill-mental history and due credit as biographyVon Ein KundeMill meets his opening promise to track his astounding and slightly disturbing early education, moral/intellectual development, and allotment of credit to those who shaped his

ideas. Mill chooses not to share many narrative details of his colorful life, but instead focuses on the plethora of theories that shaped one of the greatest minds of his century. At times references to obscure works or persons can be tiresome as he "gives credit" to them. Mill's relationships with his wife and father and his embracing of poetry after a corrosively reasoned childhood education are the most fascinating facets of the work. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Autobiography of John Stuart Mill Von HoinRivels the great philosophical autobiographies of all time: namely, Rousseau, Ben Franklin, Sartre, Russell. The book is a fascinating inspiration; responsible for my decision to change my college major to philosophy, politics, and economics. To criticize the work is to not understand it.

Kurzbeschreibung John Stuart Mill (20 May 1806 - 8 May 1873), English philosopher, political theorist, political economist, civil servant and Member of Parliament, was an influential Classical liberal thinker of the 19th century whose works on liberty justified freedom of the individual in opposition to unlimited state control. He wrote the book Utilitarianism , a philosophical defense of utilitarianism in ethics. Kurzbeschreibung John Stuart Mill (20 May 1806 - 8 May 1873), English philosopher, political theorist, political economist, civil servant and Member of Parliament, was an influential Classical liberal thinker of the 19th century whose works on liberty justified freedom of the individual in opposition to unlimited state control. He wrote the book Utilitarianism , a philosophical defense of utilitarianism in ethics. Synopsis John Stuart Mill's Autobiography, published posthumously, is an honest account of the education of this great thinker of the nineteenth century. It is an amazing account of an extraordinary life.
