It was a very real portrayal of the struggles to adjust to life in a stepfamily. Dawn discovers that being friends with someone LIVING with that person are two different things. Dawn Mary Anne each have different habits, like Dawn is a vegetarian Mary Anne is a junk-food meat lover. They discover that the CAN'T share a room nearly drive each other to the brink of insanity when Dawn wants the radio on Mary Anne needs complete silence to study. I thought it was funny creative how Dawn thinks up a

way to scare Mary Anne, who still believes in ghosts, into a near-faint! Poor Mary Anne! All in all...realistic.0 von 0 Kunden fanden die folgende Rezension hilfreich.
