One of my favorite childhood booksVon Ein KundeThis is a Berenstain Bears classic, and one I will always treasure. The story is fun for kids and adults alike, and families can relate well to it. The previous reviewer should understand that this is not a book for first time readers, but early readers, and there are other Berenstain Bears books with easier words. This a great one for kids who have been reading for some time and otherwise works as a great story to read aloud to your kids. Highly recommended.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Good Read Aloud Book for Parents of Young KidsVon Ein KundeAll of my children enjoyed this book, and the message, of spending a week at Grandma's (the prospect of which has Brother and Sister Bear somewhat anxious), and the "old folks" turning out to be livewires and loads of fun, is a great one. The text (and amount of it per page) is probably a little much for beginning readers. The illustrations, like all Berenstain Bears Books, are charming, especially those depicting a honeymooning Mother and Father Bear as thinner and active (so that the kid bears don't recognize them!). Overall, a

solid book that kids will enjoy and parents won't mind reading repeatedly.

KurzbeschreibungCome for a visit in Bear Country with this classic First Time Book from Stan and Jan Berenstain. When Mama and Papa have to go out of town, Brother and Sister get to go and stay with their grandparents. It will be a fun-filled visit where the cubs will eat cookies, explore the attic, fish, and even attend a hoedown! This beloved story is a perfect way to teach children about respecting their elders and about all the adventures they can have with an older generation.
