Help for a new "big-sibling"Von Ein KundeTwenty-three years ago, my parents gave me this book to help medeal with the arrival of my baby brother. I read it over and overagain, and it really helped me see that I was the big sister and that new things were waiting for me. I think the other reviewer missed the point about Brother Bear outgrowing his bed and giving it to Sister Bear. The authors were illustrating the exciting changes that were in store for Brother Bear and reinforcing that growing up and changing is a good thing. I will definitely read this to my children when I have them.1 von 2 Kunden fanden die folgende Rezension hilfreich. Not good for showing what happens when new baby arrivesVon Ein KundeI was dissappointed in the book because I was looking for something to read to my 2 year old which would help her understand what things would be like when new baby gets home. It doesn't even scratch the surface of that topic. It mostly talks about the older child outgrowing his bed and getting a new one so that the new baby can have his old bed.
