Kurzbeschreibung In The Bible, a Friend for Life I have written down what I have learned from over 25 years of Bible study in clear, simple language, with the intention of helping you to understand the wisdom in this great book. The Bible, a Friend for Life was written with the intention to help make your life fuller, sweeter, and happier, to help you release fear, grow in confidence, and live life to the full. Why has the Bible been around for over two millennia? Because, simply, this book speaks to both the spiritual and the material aspects of living, and how to integrate the two for a happy life. The Bible is not just a book, it is God talking to mankind, it is an instruction manual for leading a good life. The Bible speaks to all-important matters of life, such as the creation of the world, the day-to-day life of a human being, and life on earth in general. It not only talks about the problems we face here, but it also offers solutions. Although the Bible was sent to us thousands of years ago and times have changed since then, human beings are still the same, their problems are fundamentally the same as they were thousands of years ago, and the solutions to those problems are similar. Dear reader, come journey through the Bible with me. Far from being old and stodgy, I will show you how the Bible is just as relevant today as it was two thousand years ago.
