**Von John H. Sailhamer : The Books of the Bible (Zondervan Quick-Reference Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Books of the Bible (Zondervan Quick-Reference Library):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent book for first time bible studiers.Von L. Askey (amg014@email.mot.com)Compact, easy to read and informative, this book helped take to fear out of picking up the Bible for the first time. By getting an understanding of

the different books, it was much easier to read and understand the Bible itself.

Kurzbeschreibung Return to the Bible as it was before chapters and verses. The Bible isn't a single book. It's a collection of many books that were written, preserved and gathered together so that they could be shared with new generations of readers. The Bible is an invitation to you to first view the world in a new way, and then to become an agent of the world's renewal. The Books of the Bible, NIV helps you have a more meaningful encounter with the sacred writings and to read with more understanding, so that you can take your place more readily within this story of new creation. This is a revolutionary new presentation of the NIV Scripture that strips away centuries of artificial formatting, leaving behind nothing but pure Bible text. The result is a Bible unlike any other available today and more like the original Scriptures: specially designed to be read from start to finish. There is no Bible more suited to reading from beginning to end. Scot McKnight, author of Jesus Creed Features: Specifically, this edition of the Bible differs from the most common current format in several significant ways: Chapter and verse numbers have been removed from the text The books are presented instead according to the internal divisions that we believe their authors have indicated A single-column setting is used to present the text more clearly and naturally, and to avoid disrupting the intended line breaks in poetry Footnotes, section headings and any other additional materials have been removed from the pages of the sacred text Individual books that later tradition divided into two or more parts are put back together again The books are arranged in an order that helps you understand the Bible more completely Kurzbeschreibung Return to the Bible as it was before chapters and verses.
