Von Frank Hammond, Ida Mae Hammond : The Breaking of Curses (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Breaking of Curses (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. six of one, a half dozen of the otherVon Julie JohnsonI ordered this one while on one of my demonology trips gathering all types of information to prepare myself for war against Satan. Curses and demons around every corner. Fortunately, the book contains a good amount of scripture. A bit too sensational now that I sit down to review it. Begins with the

premise that curses are real and follows by describing different types that exist (generational, personal sin, accursed objects, witchcraft, etc.) He then goes on to describe eight laws that govern each category of curse. He concludes with a four page chapter dedicated to steps in breaking curses. Writing style identical to "Pigs in the Parlour."
